

AT THE AUDITORIUM.

The Lyceum Theater Company in Lynwood.

Lynwood was presented at the Auditorium last night by the Lyceum Theater company, as a benefit for the Waco Light Guards. It is a military drama, Kentucky being the location of the scenes and the time during the civil war. Eugene Ellsworth, as Victor Blanchard, a Union soldier, in love with the daughter of a Southern gentleman, portrayed the character well. The part is a difficult one, mainly of suppressed emotion. He gave the representation admirably. In the fifth act he has a beautiful scene with Lucille, which is very pathetic and his work called forth the loudest applause possible.

Miss Shirley, as Lucille, contributed much to the success of this scene. She gave a rendition of this character that deserves the most complimentary mention. She has the advantage of youth, grace of movement and a clear enunciation of her lines which makes her reading perfect. Her emotional work was excellent and richly deserve the encomiums of the audience.

Mr. Covell in the "Levy" character of Dudley Middleton was very good indeed. His conception of the part was good and deserves especial commendation. John W. Hooper in the juvenile and comedy part of Carter, made a great hit. Mr. Widner was good as Corporal A. F. Larkety and Fred Baten gave a good presentation of the old man. Miss Zula Ellsworth as Kate Minnath, the scheming spy, and Miss Fowler, as Gay Carlisle, in love with Carter, were both good.

The company is good all around and deserves good patronage. Tonight that great Swedish dialect comedy, Ole Olson, by special request. Popular prices of 10, 20 and 30 cents will prevail.

THE COTTON PALACE.

Why the Directors Have Made No Arrangements to Advertise.

Said Mr. James I. Moore, vice president of the Texas Cotton Palace association, to a representative of THE NEWS:

"I saw the editorial in THE NEWS yesterday regarding the fact that the Texas Cotton Palace had no representatives at the Texas Press association convention, while the Atlanta exposition and the Dallas fair were well advertised. I regret that such should have been the case. The Cotton Palace should be advertised, it is true, but the few members of the directory that are in the city do not feel that they should go ahead in the work. It was expected that Mr. Slayden, who is president of the association, would have returned before this. We went ahead with the corner stone exercises, as it was a matter that could not be delayed. It is expected that the absent directors will return in a few days, and then we can go to work with a will. County exhibits will first be looked after, and arrangements made to advertise. Not only do we want cotton exhibits, but displays of Texas products showing the result of the farmer's labors."

Picnic and Barbecue at Axtell.

A grand Fourth of July celebration will be given at Axtell on Wednesday next, to which every one is invited. It will be given at the Han Bryant crossing on Williams creek. A large number of hives will be killed and one of the greatest barbecues ever known in McLennan county will be the result. The picnic is being arranged by a committee who will spare no pains or expense to make it a success. It will be a general gala day picnic and many Waco people will attend, going on the morning Cotton Belt train and returning in the evening.

The Human Electrical Forces

How They Control the Organs of the Body.

The electrical force of the human body, as the nerve fluid may be termed, is an especially attractive department of science, as it exerts so marked an influence on the health of the organs of the body. Nerve force is produced by the brain and conveyed by means of the nerves to the various organs of the body, thus supplying the latter with the vitality necessary to insure their health.

The pneumogastric nerve, as shown here, may be said to be the most important of the entire nerve system, as it supplies the heart, lungs, stomach, bowels, etc., with the nerve force necessary to keep them active and healthy. As will be seen by the cut the long nerve descending from the base of the brain and terminating in the bowels is the pneumogastric, while the numerous little branches supply the heart, lungs and stomach with necessary vitality. When the brain becomes in any way disordered by irritability or exhaustion, the nerve force which it supplies is lessened, and the organs receiving the diminished supply are consequently weakened.

Physicians generally fail to recognize the importance of this fact, but treat the organism instead of the cause of the trouble. The noted specialist, Franklin Miles, M. D., L. L. B., has given the greater part of his life to the study of this subject, and the principal discoveries concerning it are due to his efforts.

Dr. Miles' Restorative Nervine, the unrivaled brain and nerve food, is prepared on the principle that all nervous and many other difficulties originate from disorders of the nerve centers. Its wonderful success in curing these disorders is testified to by thousands in every part of the land.

Restorative Nervine cures sleeplessness, nervous prostration, dizziness, hysteria, sexual debility, St. Vitus dance, epilepsy, etc. It is free from opiates or dangerous drugs. It is sold on a positive guarantee by all druggists, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid.

Notice to Contractors.

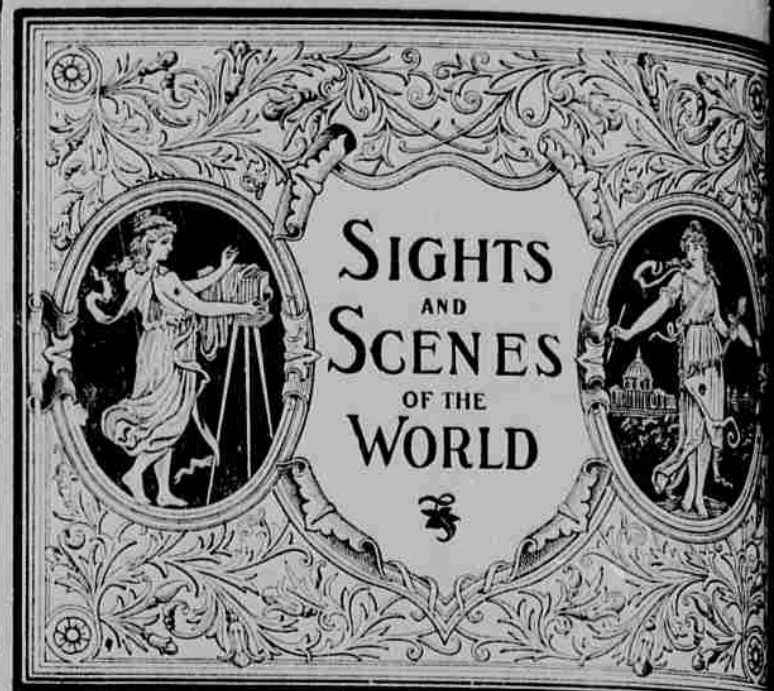

Sealed proposals addressed to the mayor and street committee will be received at the office of city secretary, to be opened at 3 o'clock p. m. July 5, 1894, at the city hall, Waco, Texas, by the mayor and street committee, for furnishing all labor and material, and paving North Fourth street from Marlboro avenue to Kentucky avenue, with native rock and gravel, according to profile and specifications in city engineer's office. A certified check for one hundred and fifty dollars, payable to the mayor of Waco, Texas, must accompany each proposal before it will be considered, and a bond for twenty per cent. of the cost of paving will be required with contract. The city of Waco will pay for street intersections, and one-third of the paving of the roadway; contractor shall assume the collection of the remaining two-thirds of the cost of paving roadway from abutting property owners. The right to reject any and all proposals is hereby reserved by the city council of the city of Waco, Texas. JOHN F. HERBERT, Mayor pro tem.
